Subject: Webinars VIDEOS for you - Prostate Cancer

To:

Hi everyone. We now have 7 webinar videos, (and 1 webinar on Incontinence that we didn't record), so I'm emailing you the LINKS BELOW to all the Videos, plus the handouts for the Incontinence webinar. Feel free to use them for your support group meetings if you like.

The videos overall don't represent every single subject we had scheduled for the March 21st conference, as doctors and nurses have been really overwhelmed. But we will be continuing to make more webinars and videos, so **please consider subscribing to Cancer ABCs' YouTube Channel HERE.**
